

Best species paulownia shantong ST4 for cold weather

Paulownia tree has many species, they are paulownia elongata, paulownia shantong, paulownia fortunei and others. Here, we just talk about paulownia shantong, this "shan", it's one of the province in China. Shanxi province which belongs to the Northeast of China. There, The temperature is about -15 to +35 degree. And windy. So paulownia shantong is one species can bear the bad climate. Like the following pictures:

Heze Fortune

Heze Fortune International Co.,Ltd.

This is one year seedlings, paulownia shantong grows very fast.
We plant more than 1.000.000 this kind of seedlings this year, the survive rate almost 99%.
